

Speech & language pathologist

Goal

Provide high level speech and language pathology services to our clients.

Main support

Senior speech pathologist

In my daily work, I...

- Manage timetable and workload with support
- Conduct assessments
- Write reports
- Plan therapy
- Create and/or source therapy resources
- Conduct therapy
- Write clinical notes
- Liaise with other clinicians, educators, and families
- Supervise allied health assistants
- Maintain clinical competency, including CPSP status
- Seek support when I need it

I'm doing a great job when...

- I independently fill appointment slots that were cancelled or empty.
- I see 20-22 clients in a week.
- I get reports to families within 2 weeks of completing the assessment.
- I reply to emails, texts, and phone calls within 1-2 business days.
- I maintain a good work-life balance and only do work within my working hours.
- I delegate tasks when it's appropriate.
